**VETERINARY ANESTHESIOLOGIST AVAILABLE MONTHLY FOR
ADVANCED ORAL SURGERY**

Dear Colleague,

We are pleased to announce that Dr. Dianna Ovbey, DVM, MS, DACVAA will be available on a monthly basis at the Hospital for Veterinary Dentistry and Oral Surgery to assist with high-risk anesthesia during oral surgery.

Dr. Ovbey is based out of Charleston, SC and owns Southeast Veterinary Anesthesia Services. As an experienced board-certified veterinary anesthesiologist, she has provided care in both academic and private practice settings on both small and large animals. She has worked in conjunction with specialists in nearly every field including surgery, dentistry, radiation oncology, internal medicine, and emergency/critical care.

Because of her credentials and exclusive focus on the safe administration of anesthesia and appropriate pain management, Dr. Ovbey is uniquely qualified to provide the most advanced care from examination to induction, through to recovery and restoration of quality of life.

Dr. Ovbey received her formal veterinary training at the following institutions:

DVM: Ross University, Clinical Year: Texas A&M University

Medicine and Surgery Internship: University of Georgia

Master of Science: Michigan State University

Anesthesia Residency: Michigan State University

If you would like to refer a case to be seen in conjunction with Dr. Ovbey, please visit www.hvdos.com to fill out an online referral or call 704-817-8986.

We appreciate your referrals and look forward to working together with you to provide the best dental care for your patients.

Sincerely,

Dr. Katherine Queck, DVM FAVD, DAVDC
